Grey is the hue of sophistication, the badge of experience, and the color of confusion. Grey owns the nebulous territory between black and white in figurative speech. Stormy skies and the murky depths of the sea are cast in shades of grey, but the greys of pencil drawings often celebrate happy children and pets.

The Purpose of Art. When The Picture of Dorian Gray was first published in Lippincott's Monthly Magazine in 1890, it was decried as immoral. In revising the text the following year, Wilde included a preface, which serves as a useful explanation of his philosophy of art. The purpose of art, according to this series of epigrams, is to have no ...
