Definition Of Reciprocal Math

Definition Of Reciprocal Math

Definition Of Reciprocal. If the product of two numbers is 1, then the two numbers are said to be reciprocals of each other. In other words, a reciprocal is the multiplicative inverse of a number.

Definition and examples reciprocal | define reciprocal ...

It may help to remember that "Reciprocal" comes from the Latin reciprocus meaning returning.Like going to the shops and then returning home again.. But Not Zero. Every number has a reciprocal except 0 (1/0 is undefined)Multiply a Number by Its Reciprocal Gets Us 1
