Recording the Dental Examination. Dental recording, also referred to as charting, can be described as "shorthand" for the dentist. The dentist will recite their findings, and the assistant will record these findings on the patient's clinical examination form.

12. The Dental Examination | Pocket Dentistry

This is a two-day lecture/clinical course on Friday, June 28th (11am - 6pm on Friday) and Saturday June 29th (7:30am - 2:30pm on Saturday). The cost of the Coronal Polishing course is \$295.00. We will spend one day on the didactic portion (classroom instruction) and one day in clinic. You will receive 14 hours of continuing education credit for taking the course.

A post and core crown is a type of dental restoration required where there is an inadequate amount of sound tooth tissue remaining to retain a conventional crown. A post is cemented into a prepared root canal, which retains a core restoration, which retains the final crown.. The role of the post is firstly to retain a core restoration and crown, and secondly to redistribute stresses down onto ...
