Ok, so what this got to do with self-heating cans?

Link number 1: Some of the same troops who were landing on the Normandy beaches that day had self-heating soap cans. These were essentially a stove and can rolled into one, with a tube of cordite (more typically used as the propellant in small arms ammunition) running through the centre of the can to act as fuel.

HISTORY Italy's modern state traces its mythological roots to the founding of the city of Rome in 753 B.C. More historically verified is the fact that the Romans engaged in territorial expansion and conquest of neighboring lands, devising effective colonization policies that ultimately sustained a widespread realm.
