In finance, a futures contract (more colloquially, futures) is a standardized forward contract, a legal agreement to buy or sell something at a predetermined price at a specified time in the future, between parties not known to each other. The asset transacted is usually a commodity or financial instrument. The predetermined price the parties agree to buy and sell the asset for is known as the

Canadian Environmental Grants and Funds

Government procurement or public procurement is the procurement of goods, services and construction on behalf of a public authority, such as a government agency. With 10 to 20% of GDP, government procurement accounts for a substantial part of the global economy.. To prevent fraud, waste, corruption, or local protectionism, the laws of most countries regulate government procurement to some extent.

Government procurement - Wikipedia

These provisions are confidential and are not ordinarily available to the public. MADA provision 6.1 prohibits a phone manufacturer from sharing any Confidential Information (as defined), and Google labels the MADA documents as "Confidential" which makes the MADA subject to this restriction.. I know, cite, and quote these provisions—and I am able to share them with the public—because two
