Logic (from the Ancient Greek: λογική, romanized: logikḗ) is the systematic study of the form of valid inference, and the most general laws of truth. A valid inference is one where there is a specific relation of logical support between the assumptions of the inference and its conclusion. In ordinary discourse, inferences may be signified by words such as therefore, thus, hence, ergo ...

The Rhythm of Handwriting Cursive Student Book can stand alone as a handwriting curriculum, but we recommend supplementing the workbook with one or more of our Handwriting Supplements with the program.. If you are teaching Foundations, Rhythm of Handwriting instruction is completely incorporated into the curriculum, so you do not need to buy the handwriting book separately.
