The mission of Apex Innovations is to improve knowledge and clinical competency for optimal patient outcomes, by creating and delivering effective, guideline-based online education for the healthcare team.

Apex Innovations - Improving Outcomes Through Education

Reducing avoidable rehospitalizations is on the radar of every hospital and health system in the country. Under the Affordable Care Act, Medicare has begun to financially penalize hospitals on 30-day readmission rates for certain conditions such as acute myocardial infarction, heart failure, and pneumonia. The idea is to encourage hospitals to reduce readmissions, which correlates to an
