Low Back Pain - MoveForwardPT.com

Dry needling, also known as myofascial trigger point dry needling, is an alternative medicine technique similar to acupuncture. Dry needling is sometimes also known as intramuscular stimulation (IMS). It involves the use of either solid filiform needles or hollow-core hypodermic needles for therapy of muscle pain, including pain related to myofascial pain syndrome.

Dry needling - Wikipedia

Trigger points in the neck can cause dizziness and vertigo that many people with fibromyalgia experience. These trigger points can distort your perception and sense of balance, causing you to drop things or stumble and bump into things. Many symptoms involving the head and neck, ears, eyes, nose and throat, can all be due to trigger points in the neck.
